NEW ALTO SHOWING MOST ENCOURAGING

Conditions at the New Alto Divide proper in the Divide district remain unchanged but the outlook for a commercial body of ore putting in its appearance is most promising. TREATY IS BEING VIOLATED
Guarantees Must Be Given for
Future Safety Hundreds of
Other Missionaries

PEKING, Nov. 16.—Missionaries for
the immediate release of Chinese
missionaries kidnapped by Chinese
bandits were demanded of the Peki-
ng government today by the Ameri-
can, British, Italian, French and
Swedish ministers acting under the
instructions from their governments.
The five ministers, presenting a
joint note, called in person and in-
formed the executive of the Peking
government that continued detention
of missionaries in captivity would
not be tolerated by the powers.

The powers, it was said, would be
compelled to act drastically unless
the missionaries were released, and
guarantees given for the future safe-

and French legations at Peking asks
those governments to take all neces-
